Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.

**Skin Contact** 

Wash off immediately with soap and plenty of water. Take off contaminated clothing and wash before reuse. In the case of skin irritation or allergic reactions see a physician.

Inhalation

Ingestion

Remove to fresh air.

None under normal use conditions. Clean mouth with water and drink afterwards plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Consult a physician if necessary.

Notes to Physician

Treat symptomatically.

# 5. FIRE-FIGHTING MEASURES

### Suitable Extinguishing Media

Foam, Dry chemical or CO2

# **Unsuitable Extinguishing Media**

Avoid high pressure media which could cause the formation of a potentially explosible dust-air mixture.

## **Specific Hazards Arising from the Chemical**

Fine dust dispersed in air may ignite. Prevent fire extinguishing water from contaminating surface water or the ground water system.

# Explosion data

# Sensitivity to mechanical impact None.

Sensitivity to static discharge Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

## **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

Personal Precautions Ensure adequate ventilation. Use personal protection equipment. Avoid dust formation. If exposure limits are exceeded or irritation is experienced. NIOSH/MSHA approved respiratory protection should be worn. Respiratory protection must be provided in accordance with current local regulations. Environmental precautions **Environmental precautions** See Section 12 for additional Ecological Information. Methods and material for containment and cleaning up Methods for Cleaning Up Prevent environmental discharge consistent with regulatory requirements. Use non-sparking tools. Pick up and transfer to properly labeled containers. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# 7. HANDLING AND STORAGE

## Precautions for safe handling

Handling Use personal protection equipment. Avoid contact with eyes, skin and clothing. Avoid dust formation. Fine dust dispersed in air may ignite. Do not breathe dust. Do not ingest.

## Conditions for safe storage, including any incompatibilities

Storage Keep container tightly closed. Store in accordance with local regulations. Store in a dry place. Store at room temperature. Keep away from open flames, hot surfaces and sources of ignition. **Incompatible Products**
