Smart Cups

Disposable range

Looking for a cleaner, faster, and more efficient solution for all your applications? The SMART cups range is the solution to fit your needs. Sames now offers you disposable cups to make life easier for cleaning, mixing, and spraying with our gravity fed spray guns.

With the **Sames** Smart Cups range, paint mixing and spraying becomes a real pleasure while simplifying the cleaning and conservation of paints. No more need to transfer your products into different containers - use the same liner to mix, apply, store/dispose without splashing. Developed for frequent color changes, the Smart Cups solution reduces cleaning time and solvent usage.

The disposable cup attachment system is perfectly adapted to our guns allowing use in any position without the risk of dripping.

Sames provides different adapters that are compatible with FPro G, FStart G, S3 G, M22 G and with competitor guns., the Smart Cup range is a unique solution for all your jobs.

This range has been developed to improve productivity and quality in order to meet the expectations of every painter.

Technical data table

Designation	Value	Unit: metric (US)
Material Type	PE	
Weight Smart Cups - standard version	43 (1.5)	g/oz
Weight Smart Cups - mini version	25 (0.9)	g/oz
Capacity Smart Cups - mini version	0,25 (0,07)	l/gal
Capacity Smart Cups - standard version	0,75 (0,2)	l/gal
Fast locking system	♦

Airspray Conventional

Performance

- 1 Built-in filter available with 190µm or extra fine 125µm
- 1 Conical design to improve flow rate and reduce dead zones
- 2 The liner collapses evenly while spraying for stable fluid delivery: It is possible to spray in all directions and to check the paint level.
- 3 Spherical bottom creates vortex when stirring for proper paint mixing
- 4 Selection of ultra-light adapters
- 4 Perforating tool inside the adapter: paint flows only when the cup is on the gun
- 5 Reusable and graduated mixing cup with mix ratio scales

Productivity

- 1 Membrane included in the lid will assist with stopping leaks when the cup is turned upside down
- 2 Two sizes of liners available to maximize your savings
- 2 Ergonomic design : the liner is lighter than the normal cup
- 2 Single-use cup to avoid contamination and for frequent color changes
- 6 Fast locking system with only 2 clips
- ♦ Mix, spray and store in the same cup
- ♦ Wall dispensers available to store all accessories in the same place at eye level.

Sustainability

- 2 Liner material compatible with a large range of materials
- 7 Unitized lid and liner assembly: eliminate the hazard of coming apart during disposal
- 8 Sealing plug to protect the paint for later use
- ♦ Designed for frequent color changes and an easy cleaning
