

Encore[®] Demonstration System

Encore LT powder coating travel system for demonstrations and on-site testing

Production Level Performance: Ability to conduct trial tests, large or small, as it delivers the same superior results as a standard Encore LT Manual System.

Compact, All-in-One System: Stores all essential system components in a rugged, transportable case with a safety latch, providing convenience to safely transport by vehicle, airplane or common carrier.

Easy Mobility and Flexibility: Robust wheels and retractable handle offers easy mobility to transport to and from a lab, office or plant environment. Transportable case doubles as a sturdy platform for controller positioning at a convenient angle during trial or demonstration.

Versatile powder coating demonstration system designed to conduct a working product presentation or an in-plant test.

- Demonstration system contains the required components to perform trial test in any location
 - Encore LT Manual Gun and Controller
 - Encore Cup Gun Kit
 - Selection of Nozzles
 - Encore 90-Degree Pump
 - Pump adapters and O-rings to test from a variety of hoppers and vibratory box units
 - Powder hose and air tubing
 - Encore LT Operator Card and Manual
